

LASER HAIR REMOVAL

DIODE, ND - YAG, IPL

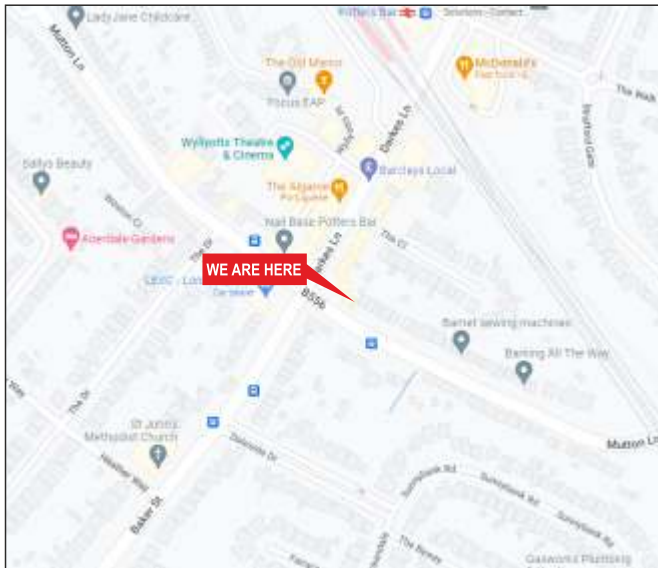

With both IPL (Intense Pulse Light) and Laser hair removal there is high potential that unwanted hair can be kept away for a long time. IPL is for hair reduction by destroying the hair follicle for good. Diode uses a real laser for permanent hair removal. Nd-Yag is the gold standard for laser hair removal for darker skin types. For more information, free consultation and patch test, please call us. Full body laser hair removal appointments require a 48 hour notice. Prices vary and will be finalised during your consultation. Payment options available.
